

FRYSC Coordinator Training Requirements

FRYSC Coordinators are required to receive training that is approved by the FRYSC Training Council in a training year. The training year ends May 31 and the new training year begins June 1. Any PD hours completed after that date will count for the next year. An explanation of the required number of training hours is below:

FRYSC Coordinator Training Requirements

***Please note that training hour requirements are separate from Regional Meetings. Regional Meetings are mandated, no matter the number of hours a Coordinator has received. Coordinators are NOT excused from mandated Regional events once their required number of hours is met.**

****Center Coordinators must also complete all staff trainings required by the school district** such as Confidentiality, Blood Borne Pathogens, etc. This does **NOT** count towards the FRYSC training hours.

Non- FRYSC sponsored training:

If training is not sponsored by the Division of Family Resource & Youth Services Centers, Coordinators may obtain credit for the training by completing the Training Registration Form found on the FRYSC training page. The form must be submitted to the Training Specialist **at least 15 days prior to the training.**

In order to receive training hours for a non-FRYSC sponsored training, it must be related to FRYSC components in their approved program plan. The training should provide strategies for addressing the components or is designed to improve the FRYSC coordinator's or staff's individual professional growth and/or address school and district goals.

Submit only one Training Registration form per training event. If a group of Coordinators attend, they can submit the form together.

If professional development is offered by a Coordinator's school or school district, including training for EILA credit, it is automatically approved to count towards the required number of FRYSC hours—up to twelve (12) hours. A certificate of attendance must be obtained from the training. Training that is required each year for all school district staff that includes, but is not limited to, Confidentiality, Blood Borne Pathogens, Harassment, Bullying, other modules, etc. **will not count for FRYSC PD hours even if district provides PD credit to staff.** This is considered annual **staff** training.

The maximum number of hours for any non-FRYSC sponsored single training event is 12 hours of credit, no matter the length of time spent at the training. This includes district or school sponsored professional development.

Online Training Modules:

Online training modules can be used for up to 6 hours of training credit per year if the modules provide a certificate of completion. However, if a certificate of completion is not provided at the end of the module, no more than 2 credit hours can be counted per year, no matter the length of the module.

Kentucky Board of Social Work or Kentucky Division of Child Care:

Trainings that have been approved by the Kentucky Board of Social Work or the Kentucky Division of Child Care are automatically approved for FRYSC Training Hours.

Tracking Procedures for Training Hours:

All Coordinators are required to complete the FRYSC Coordinator Professional Development Tracking Form which can be found on the training page of the DFRYSC website: <https://chfs.ky.gov/agencies/dfrcvs/dfrysc/Pages/training.aspx>. The forms are due in August each year. The District Contact signs off on the forms and uploads the approved form to their District page in FRYSC Counts. The Districts are responsible for the tracking of all required training hours.

Training Certificates:

Certificates for trainings are provided by the DRYSC for all Division-sponsored trainings. Certificates should be kept on file in the Center and in the District office. RPMs must request certificates from the DFRYSC at least 15 business days prior to training event.

New Coordinators:

New coordinators have one year from their hire date to complete the required 24 hours of professional development. **The new year for obtaining 24 hours begins the next June 1 after their one-year anniversary date.**

Examples:

Example 1: A new coordinator is hired in February 2018. They have until February 2019 to complete their 24 hours and their new year does not begin until June 1, 2019.

FRYSC Coordinator Training Requirements

Example 2: The coordinator is hired in November 2018. They have until November 2019 to complete their 24 hours and their new year does not begin until June 1, 2020.

Failure to meet Training Hours:

If a Coordinator does not meet their required number of hours, the Center will be placed on probation and must complete the following:

Coordinator- Years 1-3	Coordinator - Years 4 and beyond
Coordinator will have 1 year to repeat the required amount of training hours	The Center will be on probation until one full year of training is complete

If Coordinators fail to make up the previous year's hours, the Center will go to the Strategic Targeted Assistance Team (STAT) procedure outlined in the Administrators Guidebook.

Training Costs:

If a Center's operating budget does not provide ample funds for all cost associated with a Coordinator's training, the District, SBDM or other available funds must absorb these costs (see 202.2 of FRYSC and District Contract).
